Registrar Holding Meetings for Input on County's Election Administration Plan

A staff member with the Registrar of Voters demonstrates how to vote on a ballot marking device.

By **Tracy DeFore**, County of San Diego Communications Office
Dec. 8, 2021 | 2:53 PM

The Registrar of Voters office is holding a series of consultation meetings inviting the public to have a say in creating the County's new Election Administration Plan.

The meetings begin Thursday and continue through January. The plan describes how the Registrar's office will administer elections under the Voter's Choice Act. The public can give input on where to locate vote centers and ballot drop boxes. Attendees can also give feedback on voter education and outreach plans.

The Registrar's office is creating the plan because the Board of Supervisors approved the transition to the vote center model on Oct. 19.

The vote center model falls under the **Voter's Choice Act**, and it modernizes the election process in several ways.

Active registered voters automatically receive a ballot in the mail. In-person voting moves from traditional polling places to vote centers. And voters have the option to return their ballot by mail, a secure ballot drop box, or vote in person at any vote center. All the vote centers are open for four days and some up to 11 days, giving voters more time to return their ballot for Election Day.

The concept isn't entirely new to local voters. Due to the COVID-19 pandemic, the Registrar of Voters used a similar voting model for the November 2020 presidential general and September 2021 gubernatorial recall elections.
