Voter's registration records can be searched two ways, scanning the barcode on a voter's information guide or manually.

## SCAN VOTE INFO GUIDE

If a voter presents a voter information guide, **CLICK** the orange **SCAN VOTER INFO GUIDE** button from the Launchpad screen.

After tapping the orange **SCAN VOTER INFO GUIDE** button from the Launchpad screen, the EPB camera screen will be displayed within a green box,

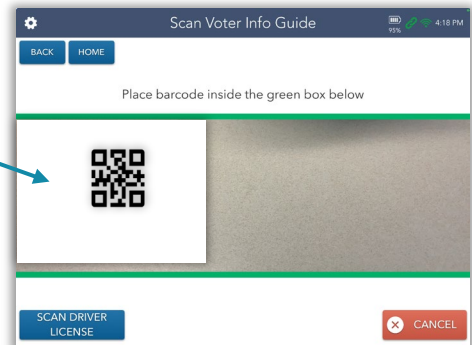

### Place barcode inside the green box.

Place the **Voter Info Guide**, with the **Barcode** facing forward, behind the EPB screen, ensuring the camera captures the barcode.

Once the barcode is captured, the EPB will continue to the next screen.

**Key Step: Verify that you have accessed the correct voter's record by cross-checking their information on the Check-In Form with the details on the EPB to ensure they match.**

## MANUAL VOTER SEARCH

To search for a voter using the Check-In Form, touch the green **MANUAL VOTER SEARCH** button on the Launchpad screen.

Using information provided by the voter on the Check-In Form, use one of the five available search options to search for the voter's registration record.

Begin with Name and Birth Date. Enter the voter's information into the search fields chosen by using the on-screen keyboard.

Then touch the green **SEARCH** button to continue.

If only one voter matches the search criteria, the Voter Identification screen will appear automatically. Continue checking in your voter.

However, if more than one voter matches the search criteria, your screen will look like the one on the left with a list of all possible matches. Touch the correct voter from the list and then touch the green **CONTINUE** button.

After you select a voter, you will be redirected to the **Voter Identification** screen. The voter's information will be displayed.

Enter and select sequence number **8001**. Press **Continue**.

The screenshot shows the Touchpad interface with the title 'Precinct Not in Election'. A 'Select Sequence #' dialog box is open in the center. It has a search bar with '8001' entered and a list of results showing '8001'. To the right of the list, there is a text box that says 'Search and select Sequence # 8001. Touch green button to continue.' Below the text box are 'CANCEL' and 'CONTINUE' buttons. The background shows the same voter information as the previous screenshot, but the 'PROCESS PROVISIONAL' button is now highlighted in red.

Select the **PROCESS NEXT VOTER** button and move on to the next voter.
