

# REMOTE ACCESSIBLE VOTE-BY-MAIL APPLICATION

Voters with a disability may request and receive access to a Remote Accessible Vote-By-Mail System. This system allows voters with a disability to download and mark their ballot privately and independently using their own assistive technology, print their marked ballot, and mail it to the Registrar’s office to be counted.

If you are not already, you must first sign up to become a permanent mail ballot voter for the Remote Accessible Vote-By-Mail System

## Applicant Statement

I am requesting to become a permanent mail ballot voter. A mail ballot will automatically be sent to me in all future elections. I understand that if I fail to vote by mail in four consecutive statewide general elections, I will need to reapply for permanent mail ballot voter status (California Elections Code sections 3201 and 3206).

### Information for Nonpartisan Mail Ballot Voters (Presidential Primary Only)

I am not presently registered with a political party. However, for this primary election only, I request one of the following party ballot options.

**Check only one:**  **American Independent Party**  **Democratic Party**  **Libertarian Party**

Your choices are the American Independent Party, Democratic Party, and Libertarian Party. Only these three parties will allow nonpartisan voters to vote in their presidential primary elections on March 3, 2020. By selecting one of these party ballots, you will be able to vote for that party’s presidential candidate in addition to candidates for voter-nominated and nonpartisan offices and measures.

You may request only one party’s ballot. Your party choice for this election will not permanently change your party preference.
